

Donor Bill of Rights

This Bill of Rights is to promote the continued safety of our most precious gift, the Donor, and what the Donor freely gives to us, their life's energy or essence.

Court Amen-Khepera requires both the Vampire and the Donor to sign this document. This document can be implemented for a 6 month or 1 year contract. At the end of this contract, both the Vampire and Donor must sign another Donor Bill of Rights.

This contract between Vampire and Donor will describe what is allowed for the Vampire / Donor Relationship and the treatment of the Donor during this Relationship. Failure to comply with this contract will result in this contract becoming null and void as well as the Vampire losing the privilege of having the Relationship with the Donor in this contract.
